Integrity Over Ideology

WHY I AM RUNNING

Our District needs solutions for public safety, small business and public health now.

Our District – The Mission, Bernal Heights, St. Mary’s Park, and Portola – has many difficulties today. First and foremost, we absolutely must preserve and promote public safety. This District has many features that attract visitors from all over the world. Unfortunately, for the last eight years we’ve seen the cost of living here rise while the standard of living has plummeted. Crime is the order of the day rather than a sense of community and a welcoming spirit. Drug addiction and blight are plaguing us and this needs to be dealt with directly – without enabling people to destroy their own lives and at the same time ruining the quality of life for people that have to live and work around them.

WHY I AM QUALIFIED

- I am a lifelong resident of this District.
- I have worked directly with many of the residents and visitors of the District.
- I am not afraid of standing up for what is right.
- I am personally connected to the District.
- I am not going anywhere.
- I am here to help eradicate business as usual at City Hall.

We need to talk about, discover, agree to, and implement solutions that will accommodate everyone.

I have served the public as a cab driver, substitute teacher for the SFUSD, a MUNI bus operator, and a MUNI bus controller. I've served my community with honor, duty, and courage. I picked up those values in my home life growing up, at my high school where the Christian Brothers challenged me, in the military where I received the discipline to show up and complete my mission, and at UC Berkeley achieving a dual degree. People have gotten away from a sense of community. I would like to bring that back.

Public Safety

- Fully staffed Police Department
- Reducing Catch-and-Release
- Promoting Community and Police Department Healing

Public Health

- Raising Awareness of the Disease of Isolation
- More Detox Facilities
- Rethinking Harm Reduction Policy

Promoting Small Business

- Bringing Small Businesses more Customers
- Easing Difficulties with Parking Restrictions
- Encouraging Shopping Participation Away from Online

Community Well Being

- Affordable Housing
- Promoting Neighborhood Awareness
- Safe Streets for Children and Seniors

By working together we can recover the community that is leaving our district.
